INTERCOLLEGIATE CHAMPIONSHIP WITHIN REACH OF HOCKEY TEAM

FORDHAM CONTEST TO BE CANCELLED

Nothing to be Gained by Game With Fordham—Contest With One of "Big Four" Sought For.

GAME IN BOSTON OR "PHILLY"

Due to unforseen circumstances, chief among which is the inadvisability of playing on the 181st Street Ice Palace in New York, the Hamilton Hockey Team will not play Fordham Saturday night.

When interviewed Monday afternoon, Coach Prettyman said that it had been definitely decided that the Fordham game would not be played, but that an attempt was being made to secure one of the large eastern universities on the schedule. He had visited the 181st Street Ice Palace and found it to be a converted garage, the roof of which was supported by four large posts. The rink was not surrounded by sideboards, but by an arrangement of birch wicker-work. The roof was only moderately high, and the lighting was very poor.

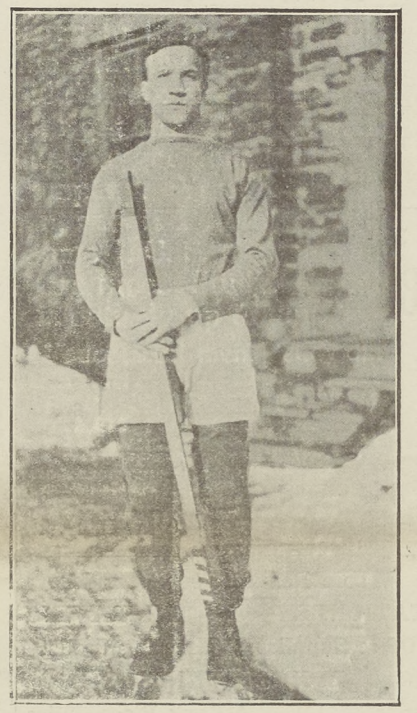
Manager Bennet is at present working to secure a game with Yale, Harvard, Princeton, or Pennsylvania. A decided victory over one of these teams will mean more in the intercollegiate world of hockey. A game with any one of these teams will have to be in either Boston or Philadelphia, as there is no rink in New York City which has sufficient facilities for a fast, open, skating game. Columbia has requested Hamilton to play on the 181st Street rink, but this proposal will be considered only if the game is played outside of the metropolis.

The change in weather will prevent practice by the Buff and Blue aggregation for several days. However, it is hoped that a cold snap will come in sufficient time to permit several days' practice before another game.

BIOLOGY CLUB REORGANIZED

The Biology Club was reorganized last Thursday evening, after a lapse of several years. The first meeting was held at the home of Dr. A. D. Morrill. Dr. Morrill addressed the club with an informal lecture on the lives of Pasteur and DuClaux. The election of officers was then held; G. E. May, '21, being elected president and D. L. Getman, '22, secretary.

In the future, different members of the club will discuss topics of current interest in medical and biological fields.



CAPTAIN "AL" KAISER

JUDGES MAKE FINAL DEBATE SELECTIONS

Pick Affirmative and Negative to Argue the Labor Proposition.

FIRST DEBATE MARCH 11 ..

The final selection from the debate squad of the men who will act as principals and as alternates has been made on the basis of the work done at the tryouts held last Friday evening. The debate council composed of Profs. Wood, Bonham, Paton, and Marsh, acted as judges. Out of the fourteen men who tried out the following teams were selected: On the affirmative, Fry, leader, Harkness, Pickard, with Lewi as alternate. On the negative team, Alfange, leader, Davidson, Rogers, with Westbrook as alternate.

Three Debates Arranged

Three intercollegiate debates have been arranged as a schedule for the Hamilton debate teams this season. The first will be the Hamilton-Rutgers-Williams debate, which is set for March 11. On March 18, the Lafayette-Hamilton-Union debate will be held. Princeton University will debate in the College Chapel on April 9.

The proposition will be the same in each of the triangular debates, "Resolved, that the injunction in labor disputes should be abolished." The arrangement is such that the students may hear both the affirmative and negative of Hamilton debate.

VARSITY SKATERS ADD FOUR BRILLIANT VICTORIES TO LIST

Captain Kaiser and Cohorts Skate Away from West Point After Trimming Nichols Hockey Club Professionals, and Winning from the University of Buffalo Two Times Earlier in Week.

The Buff and Blue hockey team had an easy victory last Tuesday, when she defeated Buffalo University by a score of 21 to 0. The game, after the first minute of play, was a series of marches down the rink followed by an inevitable shot at goal. The Buffalo team was unable to break up the Hamilton forward line, and was undoubtedly the poorest combination which the Buff and Blue has met this year.

The game opened with a rush, and by some clever handling of his stick, Thompson shot one past the Buffalo goal-tender into the cage. A second goal was scored by Thompson, and a third by Kaiser. The first period ended with eight points scored by the Buff and Blue.

The second period gave the visitors no score, but added ten to the total of Hamilton. The feature of this period was a wonderful stop made by "Dick" Reeder, who skated out to meet the Buffalo wing, who had broken through the Hamilton defence, and prevented their only chance at a goal.

Hamilton claims the distinction of having run up the largest score that has been recorded in a collegiate game of hockey. In this first game against Buffalo, Thompson's twelve points are probably the highest individual score of any man so far this season. His shooting at the cage, and Kaiser's skating and pass-work featured. Clark played his usual scrappy game. The line of defence was given little chance to prove its merit.

Nichols and U. of Buffalo

The Buff and Blue hockey team added two more victories to their list of consecutive wins when they trimmed the professionals of the Nichols Hockey Club and the University of Buffalo team in Buffalo, Thursday night. They took on the Nichols Club team first, and scored an 8 to 6 victory over this team, which is composed of ex-collegiate captains and stars. Captain Kaiser and his squad then skated to a 3 to 1 victory over the University of Buffalo team.

In the first period of the Nichols game, Hamilton secured a four-point

(Continued on page 5.)

The Buff and Blue hockey team annexed the tenth victory of the season by defeating the strong Army team at West Point last Saturday. The final score was five to one. Good ice, and the decision to play six-man hockey, resulted in a fast, well-played game throughout. Hamilton was in the lead from the opening minute of play, and was never in danger of defeat. Kaiser and Thompson were again the stars of the game, with their fast offensive work, while Marinelli, playing center for the Cadets, showed up well in the Army offense work. Thompson was responsible for three of the five goals scored by the Buff and Blue. Marinelli slipped the puck past Reeder for the Cadets' only score. Three periods of fifteen minutes each were played. Major Purdon of the Army refereed the game.

Hamilton began an offensive as soon as the opening whistle blew, Kaiser, Thompson, and Clark taking the puck down toward the Army goal. After a few minutes, Thompson succeeded in caging the puck on a neat shot. From this time on there was little doubt as to who had the upper hand in the game. Hamilton's goal was seldom threatened. One of the prettiest shots of the game was made by Marlow, who brought the puck down the rink from his defense position, and pushed it in past Kastner, the Army goal tender. The Buff and Blue offensive kept the puck in the enemy's territory through most of the game.

HAMILTON (5).	ARMY (1).
Clark, lw.	O'Shea, l.w.
Kaiser, r.w.	Wood, r.w.
Thompson, c.	Marinelli, c.
R. G. Reeder, r.d.	Stour, r.d.
Marlow, l.d.	O'Connell, l.d.
R. J. Reeder, g.	Kastner, g.

Goals—Marinelli, Clark, Marlow, Thompson (3). Substitutions—Army: Grant for O'Shea, Vandenberg for Grant, Michelet for Wood, Caywood for Michelet, McNary for Kastner; Hamilton: Price for R. G. Reeder, R. G. Reeder for Clark. Penalties—O'Shea 1 minute, O'Connell 1 minute, Clark 1 minute. Referee—Major Purdon, Army. Time of periods—15 minutes.

PAUL HAMLIN TO RETURN HOME

Writes of Bolshevistic Uprising in Celestial Empire—Wholesale Slaughter of Officers—Respect of Chinese for Foreigners.

COLLECTION OF PLEDGES

Social unrest seems to have hit China as well as the more unlightened Nations of the west, according to word received from Paul M. Hamlin, our Educational Representative in the Oriental empire. Changsha, where he is located as instructor in Yali University, has been the scene of several rebel uprisings. Hamlin's latest letter tells of the murder of thirty Imperial officers, including two Generals, by mutinous troops in one day in the city of Changsha alone. While the number for that day was unusually large, he declares that the assassination of troop commanders is a common occurrence. The general feeling of hatred for all in authority is felt throughout the lower class. So far no attempt has been made to organize the sporadic outbursts against the rulers, yet some sort of organization is fully expected and will have great power. The mass of the armies will support any strong demagogue who has the courage to decry the ruling classes. "Bolshevism is taking a powerful grip in China."

Respect for Foreigners

Yet strangely enough and in direct opposition to past practice, a foreigner is treated by both leaders and the mutineers with wholsome and thorough respect. No more do the Boxers display their hatred towards the men from other nations. Perhaps China has come to realize the efforts of other countries to aid her. Perhaps her gratitude has been aroused by the kind treatment afforded in institutions such as Yali, with its hospitals, schools and athletic opportunities. At any rate, "A foreigner is king of the world."

Hamlin's two years of service are ended and he is planning to sail for this country on July 23rd. Of the work that he has accomplished little need be said. Many letters have been received from men associated with him and all testify to his extreme worth and success in this Educational Misionary endeavor. It is expected that he will be able to visit us on the Hill during the next fall and tell of his many experiences while aiding the yellow man.

Immediate Collection of Pledges

Several hundred dollars are still unpaid of the pledges made last fall. An effort will soon be made to collect these and to secure subscriptions from those who were absent at the time appeal was made. It is hoped that the collectors will meet with a ready response as the travelling expenses are high and money must be forwarded immediately in order to secure passage on the steamer.

—John Van L. Morris, '09, formerly principal of the Shawinigan Technical Institute, is now a member of the staff of "Employer Training" in New York City. He received the degree of Ph.D. from Columbia in 1920. His address is 420 W. 121st St., New York.

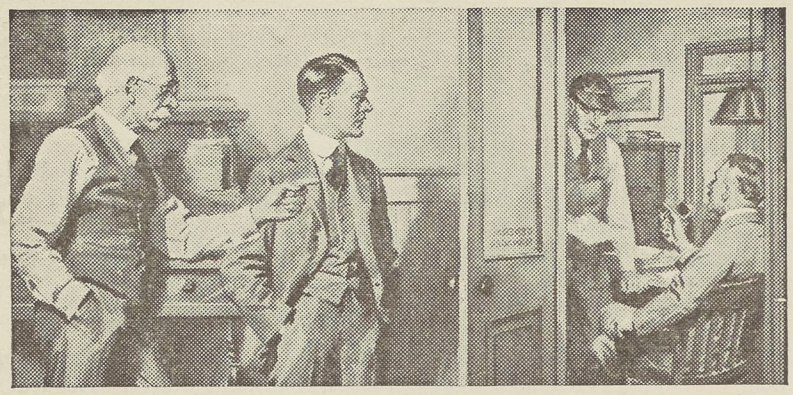
A WDC Pipe is the biggest value that the World's Largest Pipe Manufacturers can put into a pipe. The WDC is a good, satisfying smoke, and bound to break in sweet and mellow every time. Highest quality of bit, band and bowl; craftsmanship of the highest order—that's what we mean by *biggest value*. Ask any good dealer.
WM. DEMUTH & CO., NEW YORK
WORLD'S LARGEST MAKERS OF FINE PIPES



"Look at Him Today!"

"He started in here just as you are doing. Now he's General Manager and makes more in a day than he used to make in a week. I'll tell you how he did it. The first week he was here he began to train for the job ahead by studying in spare time with the International Correspondence Schools. Inside of six months he got his first promotion. But he kept right on with the I. C. S. I tell you a man like that is bound to get ahead. Some day he'll be President of the Company. You've got the same chance he had, young man, and if I were you I'd follow his example. Take up some I. C. S. Course and do it right away. Use your spare time. Study. What *you* are a few years from now is entirely up to you."

This is the story of thousands of successful men. They did their work well, and in spare time, with I. C. S. help, trained themselves for advancement. That's the thing for *you* to do. Whatever your chosen work may be, there is an I. C. S. Course that will prepare you right at home for a better position with bigger pay.

More than 110,000 men are getting ready for promotion right now in the I. C. S. way. Let us tell you what we are doing for them and what we can do for you. The way to find out is easy. Just mark and mail this coupon. It won't cost you a cent or obligate you in the least, but it may be the first step toward a bigger, happier future. Don't lose a minute. Mark this coupon and get it into the mail right now.

Merely Suggested Thinking

What are you thinking of, or do you think? Are you, as students of this country, alive to the events of the day and are you acquainted with things as they are?

The trouble with most of us is that we are looking at the world through smoked glasses, given to us by the theory which we are being taught. The "roar of steel" which we read about but which we do not understand means to us only the raving of some fad-craving author or soap-box elocutionist. We read the newspapers —those of us who do—with a detached air, that leaves us high and dry without the slightest impression of worthwhile fact.

What is the college man doing? Is he worth anything? Is not his education making him impractical—too far away from the everyday existence into which we sooner or later drop?

Nicholas Murray Butler defends the collegiate system in the usual way. It prepares a man by broadening his mind, making him more easily adaptable to different conditions. He rapidly overtakes his fellows who have been working while he studied. But isn't he speaking of the half century (last) when the fellow who worked didn't have the chance to study while he worked? How many of us are really sure that we are doing the best thing for ourselves and our family by staying in college. Or have you really thought about it?

Our present "country-club" colleges must go—but you say that the foregoing appelation is wrong. Do you really think so? Dope it out yourself.

The world about us crashes on—paying no attention to our feeble and petty worries. Industry, like time, waits for no man's existence. We settle back reflectively, and content ourselves with, Well, we don't have to worry about that yet. Wait till we get out. But, man, you are here to worry about it. That is your avowed purpose in college. That is your job now—to prepare yourself. Forget your blaise feeble-mindedness. You are here to better yourself—to take your place in the rush. Now is the time to think, and the sooner we get down to business the better for us. Now is the time to worry, not afterwards!

C. T. K.

* * *

At last Hamilton has a real athletic team. Since 1914, when "Steve" Royce led a Buff and Blue baseball team to the Intercollegeiate championship of New York State, we have had few teams which have won more than a mediocre percentage of their games, and more than one which have completed a season without a single victory.

The principle reason for the successful season which the hockey team has had is that a certain group of men in college were working with a group of alumni to send hockey players to Hamilton. This and some real hard work on the part of the team has brought about an unprecedented result. We cannot believe that we are not dreaming. We feel that these groups of undergraduates and alumni should realize considerable satisfaction from the outcome of their efforts.

C. T. K.

—George H. Sicard, '06, left last Tuesday evening for an extended trip to the coast. He expects to visit Chicago, Kansas City, Seattle, Tacoma, and San Francisco within the next month.

What Is Air Pressure?

THE air is composed of molecules. They constantly bombard you from all sides. A thousand taps by a thousand knuckles will close a barn door. The taps as a whole constitute a push. So the constant bombardment of the air molecules constitutes a push. At sea-level the air molecules push against every square inch of you with a total pressure of nearly fifteen pounds.

Pressure, then, is merely a matter of bombarding molecules.

When you boil water you make its molecules fly off. The water molecules collide with the air molecules. It takes a higher temperature to boil water at sea-level than on Pike's Peak. Why? Because there are more bombarding molecules at sea-level—more pressure.

Take away all the air pressure and you have a perfect vacuum. A perfect vacuum has never been created. In the best vacuum obtainable there are still over two billion molecules of air per cubic centimeter, or about as many as there are people on the whole earth.

Heat a substance in a vacuum and you may discover properties not revealed under ordinary pressure. A new field for scientific exploration is opened.

Into this field the Research Laboratories of the General Electric Company have penetrated. Thus one of the chemists in the Research Laboratories studied the disintegration of heated metals in highly exhausted bulbs. What happened to the glowing filament of a lamp, for example? The glass blackened. But why? He discovered that the metal distilled in the vacuum depositing on the glass.

This was research in pure science — research in what may be called the chemistry and physics of high vacua. It was undertaken to answer a question. It ended in the discovery of a method of filling lamp bulbs with an inert gas under pressure so that the filament would not evaporate so readily. Thus the efficient gas-filled lamp of today grew out of a purely scientific inquiry.

So, unforeseen, practical benefits often result when research is broadly applied.

Spice o' Life

Bonham: "I'm letting you out early today. Please go quietly so as not to wake up Professor Wood's class across the hall."

Barron (in French restaurant in New York): "I'll have some of that, please." (Points to an item on the menu.)

Waiter: "I'm sorry, sir, but the orchestra is playing that just at present."

The mysterious package left by an undergraduate on the eleven o'clock car Sunday night will be returned upon application to the proper authorities.

THE BUFFALO GAME

(Continued from page 1.)

lead, and kept it in spite of their opponent's efforts. The Buffalo team put up a good fight, but the Buff and Blue forwards repeatedly tried for the cage and worked the ball from their own territory.

Kaiser, Thompson, and Clark showed the best form. Their teamwork and clever passing kept the puck near the enemy's goal most of the time. The number of goals made against Hamilton readily shows that the Varsity won clearly from a first class team in a fast game. The professionals scored more points than have been registered against the Buff and Blue so far this season.

Buffalo Loses 3 to 1

The victory over the University of Buffalo on Thursday evening was the second one this season. Within a few minutes after the well-contested game with the Nichols Club, the Varsity went on the ice again, but was unable to run up as large a score as they had in the previous game on the Hill. But tired muscles did not prevent them from winning a 3 to 1 victory after a rather slow game.

In the first period, both teams fought hard and some pretty shots were made by members of both teams. Grunditch, the Buffalo center, made his team's only goal from a pass by Chassin. Kaiser at left wing, and Clark at right wing, displayed a clever brand of hockey.

The game was marred by unnecessary roughness on the part of Buffalo, as Chassin, Grunditch, and Denneen, were put off the ice for from two to five minutes each. The Buffalo "Express" in its account of the game made the rather startling statement that "the Varsity squad of the University of Buffalo team was composed mostly of University players."

HARVARD UNIVERSITY
Dental School

There is unlimited demand for skilled dentists and specialists in dentistry. This school offers a most thorough and efficient training in this interesting profession. For those who wish to specialize there are courses in Oral Surgery, Orthodontia (straightening the teeth) and other branches. Instruction by leading dentists of Boston and vicinity. Up-to date equipment with unusual opportunities for practical work. A college certificate indicating one year's work in college English, Biology, Chemistry, as well as high school or college Physics, required for admission. Write for particulars.

To Members of the Upper Classes

If you plan to enter Business upon graduation you will find the Nine Weeks' Summer Course in Accountancy and Business Administration—day sessions—which will begin at Pace Institute on July 6, especially suited to your needs.

The curriculum covers fundamentals of double-entry bookkeeping, accounting, economics, finance, organization, management, and law—all presented in their relation to the principles and procedures of Modern Business. If desired, enrollment may be made in September. Write for descriptive Bulletin S.

UNION TRIUMPHS IN CLOSE GAME

Defeats Varsity by Two-Point Margin in One of Season's Most Exciting Games.

FOUL LINE WEAKNESS FATAL

The Hamilton basketball team lost to the Union quintet in the Soper Gymnasium last Saturday afternoon by the close score of 19-17. The game was rather slow, but closely fought from start to finish.

Hamilton's defeat can be laid to an unusual inaccuracy in shooting baskets on the part of the whole team, and Lawler's inability to score on foul shots. The Buff and Blue attempted perhaps half again as many field baskets as the Garnet, but the ball failed to drop in. Hamilton's floor work was steady and good, and had it not been for the perplexing slump in shooting, a victory would have certainly been the result. As it was there was very nearly a tie, for Cowan shot one from the middle of the floor just as the whistle blew. Referee Risley decided that the game had ended before the ball was shot, and refused to count the basket.

Drohan, Union's light center, starred for the Garnet. He racked up five points on fouls, and shot two of their seven field goals. Lawler led the Buff and Blue with three baskets and two foul shots. Captain Cowan played nearest to his usual form of any member of the Hamilton team. Keehn helped maintain the Buff and Blue lead during the greater part of the first half by scoring two field goals.

MARCH ISSUE OF LIT. PUBLISHED MONDAY

Latest Edition of Literary Magazine Contains Article by Doyle, '23— "Zip" Griffith Adds Few Choice Morsels.

DEATH OF JUDGE CALDER

The February issue of Lit will be one-fifth larger than usual with a much enlarged Alumni Department. The feature of this number is a twelve page play, "The Eyes of the Blind", written by Arthur J. Doyle, '21. This contribution which is considerably longer than the usual Lit article will be in the nature of an experiment. The plays deals with Irish life, with which Mr. Doyle is more or less familiar and the material is all first hand.

The Necrology includes an article on the late Justice Fred M. Calder, '82, contributed by Dr. Fitch. Justice Calder died last January after entering on his term of office in the Supreme Court. William M. Griffith, '21, has written a review on James M. Barrie's newest play, "Mary Rose". This play is in its fourth month at the Empire Theatre, New York. The number also includes an essay on Shelley by F. W. Smith, '22, and an essay on Kipling by G. Paul Whitbeck, '21. Strafford P. Riggs, ex-'24, has written additional "Paragraphs from a Notebook" of an unusual nature and somewhat different from his previous "Paragraphs".

CHARLATANS TO GIVE PERFORMANCE

Plan to Show Two Plays for Benefit of New Century Club in Utica Tonight.

The Charlatans will give a special performance in Utica tonight at the New Century Auditorium for the benefit of the New Century Club. This will be entirely under the auspices of the club and is not the annual Utica performance, which has come to be an institution. The two plays, "A Night in the Inn" and "Food", will be given with the same cast that made the Christmas trip.

Manager Seaver is planning a spring trip to some extent, but has as yet been unable to get any definite dates, so that the actual route of the trip is not yet certain, but will be announced later, as soon as arrangements have been completed.

1921 HOCKEY SCHEDULE

Jan. 17—Hamilton, 2; Cornell, 0.
Jan. 29—Hamilton, 7; Little Falls, 0.
Feb. 5—Hamilton, 1; Colgate, 0. Exhibition game.

Feb. 19—Hamilton, 6; Clarkson Tech, 1.
Feb. 22—Hamilton, 21; U. of Buffalo, 0.
Feb. 24—Hamilton, 3; U. of Buffalo, 1.
Feb. 26—Hamilton, 5; West Point, 1.

UTICA CONCERT TO BE MARCH 11

Also Plan Joint Concert With Albany Teacher's College on Week-end Trip.

CHANGES IN QUARTET

Hamilton's wandering minstrels will give their annual Utica performance Friday evening, March 18, at the New Century Auditorium in that city. The Clubs always have better success with their Utica concert than any other, and now that their first performances are over, Utica enthusiasts look forward to a musical treat. Manager Barron has planned several variations and novelties in his program, and with the aid of Utica public expects to make this concert the best of the year.

Dancing will follow the concert, and it is hoped that the undergraduates will avail themselves of this opportunity to hear the Musical Clubs at their best. Some changes in personnel have also been made. Pendleton, '21, and Daniels, '23, have replaced Moffat, '21, and Pope, '22, on the quartet.

Plan Joint Concert

The Clubs will give a combined concert with the Glee Club of the Albany State College for Teachers, at Albany, on Friday evening, March 11. Plans and the arrangement of this concert are due to the efforts of Harold W. Thompson, '14, head of the music department of the State College. While at Hamilton Mr. Thompson was leader of the Glee Club. For several years the Albany Alumni have been eager to arrange for a Hamilton concert in their city, and many of them have expressed their pleasure of being able to attend this concert. Plans had been made to give a concert the following evening at Kingston, but this date has been cancelled. Instead a concert will probably be given at Herkimer or Amsterdam on Saturday evening.

Final arrangements for the Easter trip have not as yet been completed. Concerts have been scheduled at New Rochelle, Jamaica, Elizabeth, Jersey City, and at the Plaza Hotel, New York City, during the week of March 28. Efforts are being made to secure another concert at Montclair, Glen Ridge, Hackensack, or Rutherford.

The Club has begun practice on a new song, "Mulligan Musketeers". The quartet has some new numbers, among which are "A Little Close Harmony," "We Don't," "Winds Are All Hushed," "My Little Bimbo," "Lullaby and Good-night," and a new addition to "Hambone". Burns, '22, is working on a solo, "The Bass Viol".

An announcement of those who will go on the Albany trip will be made soon.

—Rev. Cady H. Allen, '07, after a furlough in this country sailed early in January for his former station at Hamadan, Persia.

—T. C. Jessup, '14, recently visited the plant of the American Car and Foundry Company at Brunswick, Pa., with which concern he is associated.

MANAGERS' CLUB FORMS

The new Managers' Club met last Thursday evening at the Psi Upsilon House. Charles Seaver, '21, was elected temporary chairman. A committee was appointed to draw up a constitution before the next meeting, which will be held at the Beta Kappa House on March 7. The purpose of this club is to afford an opportunity to the various managers to discuss and arrange their schedules so that, if possible, there will be some game on the Hill each week-end.

COLGATE TO PLAY RETURN GAME ON THE HILL FRIDAY

Hermann Lost to Maroon but Mosher Will Play Against Buff and Blue.

HAMILTON PLANS COMEBACK

The Buff and Blue five will meet Colgate for the second time this season on next Friday evening in the Soper Gymnasium. Colgate defeated Hamilton in the early part of the year by a score of 59 to 36.

The Maroon team has fared well this season. Of the teams that Hamilton has played, Colgate defeated the University of Detroit by one point. They lost to R. P. I.

Mosher Back in Game

Hermann, one of their stellar players has been put out of the game with a sprained ankle. Mosher, their center, is now back in the game after suffering with a slight injury received some time ago. His return will be a great help to the Maroon team.

Whether or not Hamilton can stage a come-back as it did with Trinity and Rochester remains to be seen. The game promises to be a fast one. The Buff and Blue team has played some good games but showed a lack of ability to shoot baskets in the Union game last Saturday.

PSI U'S ENTERTAIN

Have Informal Dinner Dance Tuesday in Chapter House.

The Psi of Psi Upsilon entertained last Tuesday evening at an informal dinner-dance, in the chapter house. Among the guests present were the Misses Ermine True, Geraldine Stedman, Frances Clapp, Priscilla Grant, Helen Morrisey, Anne Welch, of Utica, Ellen Manning, Helen Harris, Audrey Seiter, Helen Bowen, Madeline Ward, and Margaret Warner, of Syracuse, Charlotte Brainard, Ruth Barnard, of Waterville, Louise Killen of Binghamton, Nina Alvord of York, Penn., Mary E. Boyd of Clinton, the Messrs. Donald Hyland and Pomeroy Hodges of Utica, Wallace B. Johnson of New York, and Gerald Coggeshall of Waterville.

The chaperones were Mrs. Manning of Syracuse and Mrs. Tyler of Waterville. Mr. Manning, Mr. Tyler, and Dr. F. H. Wood of the faculty were also present. Fitchard's orchestra of Utica furnished the music.

—Benjamin P. Holstein, ex-'22, died at Saranac Lake February 15.
